

Differences

Similarities

Differences

Library (Then)

- The books cost 2 cents for 2 weeks
- Librarians were paid 25 dollars per year
- Books were housed in stores and houses up until library was built
- Small collection of books
- The mill used to be where the library is right now. Later, the mill was moved and the library built, but it was very small.

Past & Present

- The library is still made out of brick
- Multiple librarians that have devoted themselves to the library
- It's in the same spot as it was when it was first built
- They have some of the same furniture
- They have some of the same books

Library (Now)

- Today you have a library card and you get the first one free
- Librarians today are paid 600 dollars per year
- Thousands of books
- Ever since the library was built it has been in the same spot
- Renovations and additions have increased the size of the library building
